# HISTORY:

BY PAUL ROWNEY

Who could have imagined that what started out as a group of mates just hanging out and giving a few free lifts at night would have turned into this!?

The story of *Red Frogs* in *South Africa* reaches beyond the sweets and free pancakes to a generation discontent with the status quo, and desperate to see a positive change in our culture. This desire for *positive change* has led to the opportunity to serve hundreds of thousands of young people around our country.

Who would have thought, that a sweet in the shape of a red frog would have given us this opportunity to serve, safeguard and see meaningful change happen in our generation.

# OUR CHAIRMAN:

WAYNE TAYLOR

We're absolutely *convinced* that the best way to see culture change is from within.

The *heart* of Red Frogs is not to cast judgement over young people but rather come alongside them in the times that matter most and offer a *genuine relationship*. It is our desire to see Red Frogs grow from strength to strength in South Africa as we seek to safeguard a generation in every corner of our country. But we cannot do this alone, we need your *help*!

Help us celebrate *10 years of Red Frogs in South Africa* by partnering with us for this campaign.

# 10 FOR 10 CAMPAIGN
